

	Lambda Eigenvalue	PoV including this eigenvalue and the ones above it
1	4.22484077	92% <-- only need one eigenvector because PoV > 0.90 with only one
2	0.24224357	98%
3	0.07852391	99%
4	0.02368303	100%
Sum = 4.56929128
